

Puppet theatre and eroticism

Provocative associations

Puppet theatre and eroticism, can you relate this to the old-Dutch Jan Klaassen character and the club he is holding? Have a good look at how Jan squeezes the object between his little hands; upright like a stiff phallus. 'Well no', some would say, 'that's just the puppeteer's doing. After all, the puppeteer puts his hand through the puppet's cloth body, holding on tight to the club to deal a few hefty blows. That is what causes Jan Klaassen's suggestive posture. Jan's club is a weapon. It would be going too far to interpret this as something sexually explicit.'

Would it?
